## Work Experience

Integem Inc.

June 2024 - August 2024

- Led hands-on classes in coding, artificial intelligence, augmented reality, robotics, digital art/animation, and game design utilizing Integem's Holographic AR platform to engage 10+ students weekly (ages 8-12).
- Facilitated self-directed projects, guiding students in developing creative solutions and technical skills using AR and AI tools, merging digital animation, implementing robotics, and game design through the iCreator platform.
- Resolved technical challenges with robotics and coding, ensuring smooth operation of students' projects.
- Empowered students to complete weekly self-directed projects, fostering creativity and technical skills in cutting-edge AR/AI technology.

## Leadership & Athletics

Competitive Soccer Player

2011 - June 2023

- Participated in competitive soccer for 16 years, demonstrating commitment and discipline
- Underwent multiple professional trials, (MLS & USL Championship) showcasing unique abilities to compete at an elite level while also displaying resilience and dedication
- Competed in the NorCal PDP Region 5 state pool for 7+ years, regularly playing against professional teams and honing skills in high-level soccer matches.
- Served as a team captain, led 18+ players during training sessions and matches while executing instructions from coaches for six years
